SwitchMan USB

2 or 4 Port KVM (Keyboard, Video and Mouse) USB Switch & USB Hub with Audio

SW2 USB

- 2 Port with 2 cables

SW4 USB

- 4 Port with 2 cables

Control 2 to 4 PCs and USB devices from one keyboard, video and mouse.

Raritan's SwitchMan USB is available in 2 and 4 port models. Its small footprint saves valuable desk space whether it is in a flat or upright position. And, it comes with everything you need, including cables, to be up and running in minutes.

Reclaim your desktop; Save space, time and money

SwitchMan USB is a unique KVM switch with an integrated USB (2.0) hub that allows control of up to 4 USB computers from a single USB keyboard, video and mouse. SwitchMan's built-in USB hub allows the sharing of any USB supported devices including scanners, digital cameras, printers, CD ROMs and PDAs among multiple computers. Plus, SwitchMan's audio capability lets you share a single microphone and stereo speakers regardless of which computer you connect to. SwitchMan USB combines an attractive, ergonomically designed metal enclosure that fits naturally on your desktop. Color-coded connectors and premium cables make installation easy.

Professional performance, low price

SwitchMan USB is built from highly durable metal casing. It includes the same bulletproof reliability as the Raritan enterprise-class products used in over 50.000 datacenters worldwide. Raritan's KVM switches are designed with the award-winning "keep-alive" circuitry that eliminates annoying mouse and keyboard lock-ups when switching between computers. No matter how you use SwitchMan, you'll enjoy smooth, flawless start-ups, switching and operation.

Easy to connect and operate

Connect both PCs and/or Apple Macs® to SwitchMan USB using Raritan's premium KVM cables for the highest video and audio quality. Your standard USB keyboard, USB mouse and VGA monitor plug right into the back with no software to load or complicated set up. Standard features such as PC selection buttons, LED indicators, hot-keys and stereo audio switching make SwitchMan operation a snap. Raritan's SwitchMan is available in 2 and 4 port models and can be mounted horizontally or vertically on your desktop. Select any PC to operate by simply pushing the corresponding button or hot-key on your keyboard.
