

ServeView Pro

Mission-Critical Keyboard, Monitor and Mouse Switch

Introduction

ServeView Pro is a keyboard-controlled switch, designed to increase the productivity of server and computer management. The ServeView allows you to maximize your valuable space and time while also saving you money through reduced expenditures on multiple monitors as well as the long-term reduction of power they consume.

Boot-Up and Emulation Feature

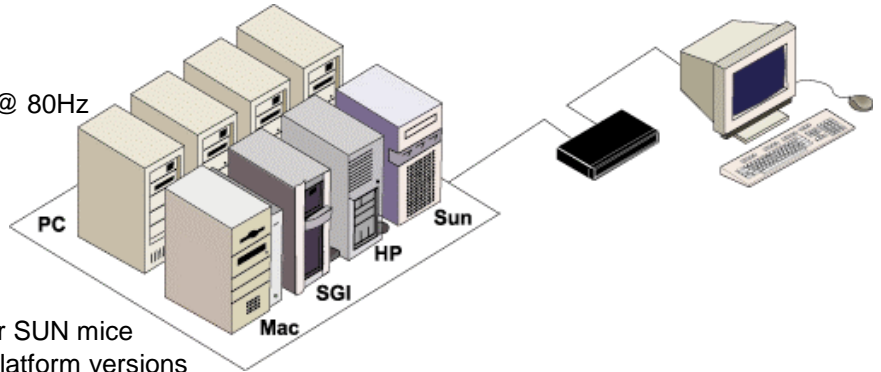

ServeView allows simultaneous and automatic booting and operation without a keyboard or mouse connection ensuring problem-free operation of all your computers. The emulation is constant on all ports, preventing lockups during switching and periods of inactivity.

Compatibility

The ServeView is operating system independent allowing for use on a variety of operating systems including DOS, UNIX, Novell Network, Windows 95/98/NT/2000 and Linux and more. Enhanced models are compatible with a mixture of SUN, MAC, and PCs.

Features

- Supports all video types up to 1600 x 1280 @ 80Hz
- No software to install
- Internal Power supply on C (High) chassis
- Daisy-chain expansion to 256 computers
- Programmable scan mode
- Free firmware upgrades
- Rackmountable
- Supports PS/2, PS/2 Wheel, Serial, Apple or SUN mice
- Available in PC, Mac or Sun only and Multiplatform versions
- Automatic keyboard and mouse booting and emulation on all computer types

ServeView Pro (PC/Unix Only or Mac Only)		
Code	Description	Unit
1115-02M	ServeView Pro Mini 2 port	\$ 395.00
1115-04M	ServeView Pro Mini 4 port	495.00
1115-04C	ServeView Pro High 4 port	595.00
1115-08C	ServeView Pro High 8 port	795.00
1115-12C	ServeView Pro High 12 port	1295.00
1115-16C	ServeView Pro High 16 port	1795.00
1115-04UC	Pro 4 Port Expansion Kit	400.00

ServeView Pro Multiplatform (PC/Mac/Sun/Unix Mix)		
Code	Description	Unit
1117-02M	ServeView Pro Multipl. Mini 2 port	\$ 595.00
1117-04M	ServeView Pro Multipl. Mini 4 port	695.00
1117-04C	ServeView Pro Multipl. High 4 port	795.00
1117-08C	ServeView Pro Multipl. High 8 port	1295.00
1117-12C	ServeView Pro Multipl. High 12 port	1795.00
1117-16C	ServeView Pro Multipl. High 16 port	2295.00
1118-04UC	Pro Multipl. 4 Port Expansion Kit	500.00

Code	Description	Connector Specification	Unit
User Cables - 1 required per Switch		Switch to User monitor, keyboard & mouse	
2065-01D	PC User Cable PS2 type - 50cm/1.5ft	DB25M - HD15F, PS2F, PS2F - High Resolution	\$ 30.00
2067-01M	Sun VGA User Cable - 30cm/1ft	DB25M - HD15F, MiniDin8F - High Resolution	60.00
2067-01D	Sun 13W3 User Cable - 30cm/1ft	DB25M - 13W3F, MiniDin8F - High Resolution	60.00
2069-01D	Mac User Cable - 30cm/1ft	DB25M - DB15F(Mac), ADBF - High Resolution	60.00
CPU Cables - 1 required per Computer		Switch to Computer	
2064-03D	PC PS/2 Cable - 3m/10ft	DB25M - HD15M, PS2M, PS2M - High Resolution	50.00
2066-03D	Sun 13W3 CPU Cable - 3m/10ft	DB25M - 13W3M, MiniDin8M - High Resolution	90.00
2066-03S	Sun VGA CPU Cable - 3m/10ft	DB25M - HD15M, MiniDin8M - High Resolution	90.00
2068-03D	Mac CPU Cable - 3m/10ft	DB25M - DB15M, ADBM - High Resolution	90.00
Extension Cables - Optional Extensions		Switch to CPU/User cable (above)	
2063-03D	User/CPU Extension Cable - 3m/10ft	DB25M-DB25F - High Resolution	40.00
2063-07D	User/CPU Extension Cable - 7.5m/25ft	DB25M-DB25F - High Resolution	80.00
2063-15D	User/CPU Extension Cable - 15m/50ft	DB25M-DB25F - High Resolution	140.00
2063-30D	User/CPU Extension Cable - 30m/100ft	DB25M-DB25F - High Resolution	250.00
Rackmounts			
1116-00x	19" Rackmount	x=M,L or H depending on chassis style	30.00

All prices in US Dollars and exclude shipping, handling and applicable tax. Custom cables available upon request.
