

# Compact direct access up to 16 servers

The RackAccess 8i and 16i is a keyboard drawer with a 15" LCD monitor, PS/2 mouse, 105key keyboard and an integrated 8- or 16 port KVM Switch. All housed in one rack unit. The integrated SCOUTutp is an efficient KVM Switch solution for PS/2, USB and SUN servers. Using UTP / STP cable and our server adaptors reduces the need for expensive cable installation and allows you to easily change configurations.

- ▶ Rack mountable keyboard, video, mouse (KVM) console with an integrated KVM switching system
- ▶ Contains an LCD colour monitor, keyboard and touch pad mouse
- ▶ With integrated 8 or 16 port multiplatform kvm switch
- ▶ The UTP / STP cabling allows the servers to be up to 10m away from the switch
- ▶ Cascadable up to 256 computers

# KVM Server Management

## RackAccess 8i and 16i

**The RackAccess 8i and 16i allows direct access at the server rack.**

RackAccess 8i and 16i is a rack mountable keyboard, video and mouse (KVM) console with an integrated KVM switching system. This troublefree KVM console contains an LCD monitor, a standard keyboard, as well as a touch pad mouse. The KVM drawer occupies only one rack unit (1U) and therefore conserves valuable space and energy.

The integrated SCOUTutp is an efficient KVM Switch solution for PS/2, USB and SUN PCs. Using UTP / STP cable and our PC adaptors reduce the need for expensive cable installation and allows you to easily change configurations. If your hardware changes you can change the adaptor without needing to rewire the rack. Ideal for changing environments.

### Product Features

- ▶ Integrated SCOUTutp 8- and 16- Port KVM Switch
- ▶ Multi-platform, UTP cabling with adaptor for PS/2, USB or SUN
- ▶ Hot key controls (Switch channels using the pop up menu) or push button
- ▶ Programmable scan mode for automatic sequencing between PCs
- ▶ Distance between CPUs and KVM Switch can be up to 10m by using UTP cabling
- ▶ Assign names to individual PCs
- ▶ Keyboard layout available in English UK & US, German, French, Spanish and many others
